Although I was technically employed by IEA Management Services, Inc. at the time, I, as a loaned employee from IEA Management Services, Inc. to IEA, served as the Project Engineer for IEA on the Project. As Project Engineer for IEA for the Project, my job responsibilities also generally included, but were not limited to, creating and maintaining construction documentation for the Project.

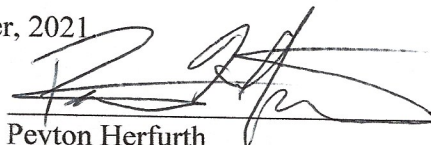

5. Based on my personal knowledge and review of IEA's records, IEA reached final completion of Project construction on December 21, 2015. The Certificate of Project Final Completion attached as Exhibit A is a true and correct copy.

This spreadsheet was maintained in in the ordinary course of IEA's construction of the Project, and I have personally reviewed the spreadsheet.

7. The spreadsheet demonstrates the dates on which certain tasks were completed for each turbine site, including dates in 2014 on which turbine site excavation was completed and on which rock crushing for each turbine site was completed.

I declare under penalty of perjury in accordance with the laws of the United States that the foregoing is true and correct in accordance with 28 U.S.C. § 1746.
